

The Christine and David VanVector Scholarship

David (Dave) and Christine (Chris) VanVector have been a part of the Starke County community for many years. They have always been very generous and caring to those around them, which is apparent in their creation of the Christine and David VanVector Scholarship.

Due to their connection with and love for their community, Dave and

Chris created the scholarship in 2006 with the help of the Starke County Community Foundation.

Dave and Chris wish to give graduating seniors from Knox Community or Oregon Davis High Schools a chance to further their education.

In 1999, Dave founded VanVector Construction, LLC., based out of Plymouth, Indiana. The scholarship, therefore, gives preference to students pursuing a degree in Construction Management or Building Trades at Purdue University.
