Committee & Staff 35
Northern Indiana Community Foundation (NICF) had a very busy and successful year in 2019. Our foundation experienced unprecedented growth and development. We started the year with a clear main objective, freshly settled into our new main office location in Rochester, and with the optimism of a stable and healthy economy under our wings. The year also included a move for our Starke County office to a new location, in North Judson.

Our main focus for 2019 was on capturing the full matching grant dollars provided through Lilly Endowment Inc’s exciting GIFT VII initiative. The opportunity to receive $500,000 in each county by raising $250,000 of new donations seemed almost too good to be true. The initiative also included additional opportunities that covered training, strategic planning and county needs assessment expenses in preparation of resulting foundation project grant requests that are due in early 2020. Our county teams, once again, held successful Giving Tuesday open houses in early December, with great attendance and contributions totaling over $160,000 for the day! Thanks to generosity of the donors in our counties, we ended the year having earned over $1,000,000 of the matching funds and well on our way to completing the remaining $500,000 by the 2020 deadline.

Keeping with the theme of growth, NICF was able to grant an incredible sum for charitable purposes. The $1,200,000 in grants allowed for dozens of local improvements and programs in our counties. In addition, an amazing sum of $330,249 was distributed for scholarships to our local students focused on higher learning.

The generosity of our communities and donors continues to inspire and amaze our directors, committee members and staff. Over $2,000,000 was gifted to NICF in 2019, making this one of our most successful years in our history. We are using the successful growth opportunity to reach for greater impact and involvement in the quality of life initiatives in our communities. Our focus continues to be on facilitating collaboration and leadership that can be the tailwind for meaningful development for Fulton, Miami, and Starke counties and a brighter tomorrow for our communities!

We can’t wait to see where the road takes us next!

Evan Gottschalk
President
2019 Financial Summary

**ASSETS**
- Cash and cash equivalents: 2,756,743
- Accounts receivable: 650
- Pledges receivable: 524

Starke County Lilly Endowment Scholarship winner, Madeline Krueger and family at the Starke County Scholarship Reception.
The Lilly Endowment Planning Grant offered Community Foundations the opportunity to investigate and determine the greatest needs in their communities. It provided the means for Community Foundations to collaborate with other community leaders to identify needs and successfully tackle problems. The counties of the Northern Indiana Community Foundation; Fulton, Miami, and Starke, took up the challenge presented by the Planning Grant by first researching the needs of our communities.

County-wide assessments, surveys and community meetings were planned to discover the most pressing needs in our three-county region. As a result, these basic needs were identified: youth development, public transportation, promotion of the arts and creating third places to exchange ideas and build relationships, addressing substance abuse and establishing a centralized hub of non-profit organizations to better address community needs.

To focus on these issues each county held many community engagement gatherings. These included a youth summit, transportation summit, food pantry summit and law enforcement and rehabilitation agencies roundtable to start gathering ideas and opening the doors of communication. These meetings provided a great opportunity to bring non-profits and community leaders from each of our counties together to share information, network and brainstorm. By facilitating these summits, the Community Foundation was able to better understand the problems our communities were facing. The following pages include a summary of the individual gatherings.
Youth Summits
Miami County Youth Development Summit was conducted with a variety of community stakeholders and youth service providers. The summit was facilitated by the Miami County YMCA and the Indiana Youth Institute. Workgroups shared their thoughts on the biggest issues facing our youth, programs available and gaps in services. Attendees were local government, law enforcement, educators, and service providers.

At another Youth Summit, Irene Szakonyi, Executive Director of the Starke County Youth Club (SCYC), spoke with school officials and youth service providers to share how SCYC’s after school programming supports students and the community. A question and answer time followed.

Transportation Summit
We gathered all local transportation service providers, school corporations and economic development directors from Starke, Fulton and Miami Counties. The purpose of this summit was to share ideas, and address transportation needs in our communities.
PLANNING FOR THE ROAD AHEAD
COMMUNITY ENGAGEMENT GATHERINGS

Law Enforcement and Rehabilitation Agencies Roundtable
We invited the Fulton County sheriff, prosecutors, judges, the probation department, and drug treatment providers to address substance abuse in our community.

Food Pantry Summit
Program directors from food pantries in all three of our counties gathered to learn about nutrition, agency cooperation, and volunteer support. Guest speakers spoke about The Clearinghouse, a collaboration of over one hundred partners working to improve economic conditions in Madison, Indiana. Local pantries and other community leaders were invited to travel with the Community Foundation to visit The Clearinghouse and explore the possibility of creating something similar in our counties.
The Fulton and Miami County Community Foundations also completed a needs assessment survey seeking the opinion of people of all ages and social classes on the subject of critical needs in the community. The results have helped Fulton and Miami County prioritize programming that will bring relief in key areas.

The Fulton County Community Foundation's assessment was performed by reviewing other assessments, conducting local focus groups and making a survey available to the community. Respondents saw a need for drug treatment options as well as recovery and training programs. They also saw a need for youth programs and affordable activities for families.

The Miami County Community Foundation also completed a community needs assessment. It too was performed by conducting local focus groups, holding multiple meetings and summits and making a survey available to the community. The top priorities identified were improved transportation services, leadership opportunities and youth mentoring.

In 2019 Starke County was chosen as a finalist in Indiana's Stellar Communities Program. This competitive state and federal program invites rural and small communities to apply for millions in grant dollars to provide resources for community and regional improvements. The Constellation of Starke, a local leadership team, was created to implement a regional development plan. The Starke County Community Foundation partnered with them to assist in this opportunity.

The Planning Grant has been an excellent opportunity for us to take an even more active role in our communities. We have built upon what we've learned during this process and applied for Lilly Endowment Implementation Grants. If successful, we will be able to move into the next decade with the knowledge and dollars to bring transformative change in our communities.
Who's Your Legacy?
Anyone can make a mark on their community.

Make your giving grow
The Northern Indiana Community Foundation, Inc. is the result of generations of people like you who want to make a difference. Sometimes they want to give in honor of someone. Sometimes they just want to make their community a better place to live. Endowed gifts continue over time and support the community now and forever.

Consider a planned gift
Planned giving is one of the most effective ways for donors to give back. Consider the legacy you want to leave. Whether you want to help students, children, the elderly, animals, the community in general, the Community Foundation can help you fulfill your charitable wishes.

Interested? This is how it works
Contact NICF to see how you can create a lasting legacy and make a difference for your community or for a cause you feel passionate about.

Talk with your attorney or financial advisor about including the Community Foundation in your will. We welcome the opportunity to speak with your professional advisor about specific language or concepts. Download our planned giving brochure. Visit nicf.org and click on "Downloads" under your county’s menu. The planned giving brochure is under the "Brochures" tab.

If you have questions, please call us toll free at 877-432-6423 or email info@nicf.org.

All gifts to the Community Foundation are tax-deductible under section 501(c)(3) of the Internal Revenue Code.
