Karla Hattery Meyer Nursing Scholarship:

The Karla Hattery Meyer Nursing Scholarship was created in memory of Karla by friends and family. Karla had a passion for nursing and for caring for her patients. She served as a registered nurse at a Jewish hospital in Cincinnati, Ohio, Dukes Memorial Hospital in Peru, IN, and before her illness, Woodlawn Hospital in Rochester, IN.

She spent her life serving others in the field of health care as a nurse in the areas of med-surg and oncology, as a CPR instructor and an instructor of cardiac and diabetic education. Karla's contagious smile, infectious laughter, fun-loving attitude, and enthusiasm for life touched all of those around her.

Not only did Karla assist those in need of health care, she served the community by volunteering at school with children, coached Upward Bound youth basketball, and served at Denver Baptist Church, where she was a member. She enjoyed watching North Miami sporting activities and cheering for the Chicago Bears.

After a long-fought battle with cancer, Karla passed away in 2015. However, her memory lives on through this scholarship and with her loved ones.
