Our Donor's Stories

Mary Lynn's Nursing Scholarship Fund:

As a young woman, Mary Lynn Houser desired to help others as a nurse. Although she did not take the traditional approach, she achieved this dream by going back to school when she was in her 40's after having raised her family. She received her degree in 1980 and worked in critical care for 20 years until she retired at the age of 65.

She felt strongly that nursing was a profession a wife and mother could accomplish, and her scholarship is for a non-traditional student. Recipients are over 25, female, and wanting to go to a school here in the area. Through this scholarship she has been able to support nursing students who are enrolled and accepted into nursing school to help fulfill their dream of making a difference in the lives of others. Thanks to Mary Lynn and her dedication to helping others, many future nursing students will be able to achieve their dreams.
