

The Celia G. Miller Scholarship Fund

The Celia G. Miller was established following the death of Celia in 1988. Celia wished to help students forever by creating a Trust that would help assist a deserving student each year attend college. In 2010, her gift was transferred to the Northern Indiana Community Foundation so that it could be endowed and last forever.

Celia's gift is a lasting tribute to her pride and devotion to Peru High School and the community that shaped her into the caring, generous, and loyal person she was. Celia's legacy will always live on through this scholarship.

The Celia G. Miller Scholarship benefits graduating seniors of Peru High School that are accepted into and attending an accredited four-year college or university and pursuing a degree in education. It is also important for applicants to be ranked in the top 10% of their graduating class, to display a good attitude, and to be deserving of financial assistance.
