

Viking Scholar Award Fund

The Viking Scholar Award Fund was established in May of 2015 by Dean P. and Suzanne “Suzie” Baker. The couple grew up in Clarion, Iowa but today they call Akron, Indiana home.

For many years, Dean and Suzie dreamed of establishing a scholarship fund that would help students for good. Forever. The couple helped a few students attend college that needed extra encouragement and funding to be able to attend.

Suzie and her husband previously helped a few students sign up and attend college in the past independently. However, Suzie indicated that she would like to start a scholarship that could help encourage and fund students who need extra help getting through college.

The Baker's believe that each student has the ability to be successful. They hope to help students reach their full potential by giving them the encouragement of a scholarship.

The kindness and encouraging nature of Dean and Suzie will forever be remembered as this scholarship assists students at Tippecanoe Valley High School in years to come.
